618-465-4488

\*This list does not include network  
hospitals in which imaging or  
laboratory services are also  
available.

## OTHER IMPORTANT NOTICES

If you have any questions about these notices or any of your benefits under the Plan, please contact the Fund Office at 618-346-2560.

### **Women's Health and Cancer Rights Act of 1998**

The Women's Health and Cancer Rights Act of 1998 (WHCRA), requires group health plans to cover breast reconstruction surgery performed as a result of a covered mastectomy and to notify participants of these mastectomy-related benefits on an annual basis.

Please note that the Plan provides coverage as follows for a person who is receiving benefits under the Plan in connection with a mastectomy and who elects breast reconstruction in connection with such mastectomy:

- All stages of reconstruction of the breast on which the mastectomy was performed;
- Surgery and reconstruction on the other breast to produce a symmetrical appearance; and
- Prostheses and treatment of physical complications at all stages of the mastectomy, including lymphedemas;

in a manner determined in consultation with the attending physician and the patient.

Any applicable deductible, coinsurance and/or co-payment amounts will apply to the benefits described above in the same manner as any other illness or injury covered by the Plan.

### **Reminder of Availability of Privacy Notice**

The Plumbers Local 360 Health and Welfare Fund's Notice of Privacy Practices (NPP) is contained in the Fund's Plan Document and SPD. You may also request a copy of the NPP by contacting the Fund Office.

### **Grandfathered Plan Disclosure Statement**

Federal regulations require us to advise you that this group health plan believes this plan is a "grandfathered health plan" under the Patient Protection and Affordable Care Act (the "Affordable Care Act"). As permitted by the Affordable Care Act, a grandfathered health plan can preserve certain basic health coverage that was already in effect when that law was enacted. Being a grandfathered health plan means that your plan may not include certain consumer protections of the Affordable Care Act that apply to other plans, for example, the requirement for the provision of preventive health services without any cost sharing. However, grandfathered health plans must comply with certain other consumer protections in the Affordable Care Act, for example, the elimination of lifetime limits on benefits.

Questions regarding which protections apply and which protections do not apply to a grandfathered health plan and what might cause a plan to change from grandfathered health plan status can be directed to the Plan Administrator at:

Plumbers Local 360 Health and Welfare Fund  
#5 Meadow Heights Professional Park  
Collinsville, Illinois 62234  
(618) 346-2560

You may also contact the Employee Benefits Security Administration, U.S. Department of Labor at 1-866-444-3272 or [www.dol.gov/ebsa/healthreform](http://www.dol.gov/ebsa/healthreform). This website has a table summarizing which protections do and do not apply to grandfathered health plans.
